Geography Learning Journey KS5

READY STEADY EXAM

EXAMS

To what extent are the water and carbon cycles linked?

How much change occurs over time in the water and carbon cycles?

How do the water and carbon cycles operate in contrasting locations?

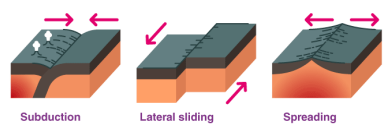

What measures are available to help people cope with living in tectonically active locations?

What are the implications of living in tectonically active locations?

What are the main hazards generated by seismic activity?

What are the main hazards generated by volcanic activity?

How important are water and carbon to life on Earth?

What is the evidence for continental drift and plate tectonics?

Hazardous Earth

Earths life support systems

Pilot studies

NEA data collection

Analysis

IDEA

What makes a good NEA title and how do I develop one

---------- Independent NEA ----------

YEAR 13

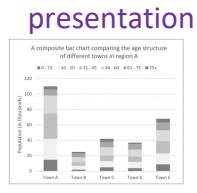

NEA

Literature review and methodologies

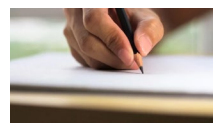

Data presentation

Evaluation

Can diseases ever be fully eradicated?

How far can diseases be predicted and mitigated against?

How effectively are communicable and noncommunicable diseases dealt with?

Is there a link between disease and levels of economic development?

What are the global patterns of disease and can factors be identified that determine these?

What are the sampling strategies and statistical tests I can use?

What are the stages of a geographical investigation?

What makes a good NEA?

NEA

How are places created through placemaking processes?

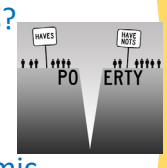

Who are the players that influence economic change in places?

Disease dilemmas

Changing spaces; making places

What's in a place?

How do we understand place?

How does economic change influence patterns of social inequality in places?

What are the issues associated with unequal flows of global migration?

How does human activity cause change within coastal landscape systems?

To what extent has intervention in human rights contributed to development?

Migration

What are the contemporary patterns of global migration?

Why has migration become increasingly complex?

How do coastal landforms evolve over time as climate changes?

What are the strategies for global governance of human rights?

What are the variations in women's rights?

What is meant by human rights?

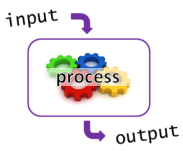

Human rights

YEAR 12

How are coastal landforms developed?

How can coastal landscapes be viewed as systems?

Coastal landscapes
