YEAR 7
TEXTILES

YEAR 7 TEXTILES	X	A	B	C	D
KO1: Practical Skills	I can work with guidance to plan, design, and produce a range of textile items, following patterns and time plans.	I can work with guidance to create a basic selection of textile products, following patterns and time plans with some support.	I can work with support to produce basic textile items, following patterns with support.	I can work with significant support to create simple textile products. With considerable guidance, I can measure and cut fabric and use basic equipment.	I can work with complete support to create simple textile products. With complete guidance, I can measure and cut fabric and use basic equipment.
KO2: Health and Safety	I can work safely and hygienically with textiles in an organised, methodical way, using a range of equipment and materials accurately.	I can often work safely and hygienically, measuring and using equipment and materials correctly.	I can usually work safely, using basic textile tools and materials appropriately.	With considerable guidance, I can follow safety rules and steps when working with textiles.	With complete guidance, I can follow basic safety rules and steps when working with textiles.
KO3: Presentation and Finishing	I can present finished textile products with attention to detail and aesthetic value.	I can present textile items with care, showing some creativity and attention to finishing techniques.	I can present textile items with some creative input and finishing details.	I can present basic textile products with some neatness and care.	I can present basic textile products with support, showing limited neatness and care.

KO4: Design and Choice	I can explain my choices of materials, techniques, and design features, showing understanding of sustainability, function, and aesthetics.	I have some understanding of materials and design considerations, and can sometimes explain my choices.	I have a limited understanding of materials and design, and I rarely explain my decisions.	I have limited understanding of design choices and can give minimal reasons for my selections.	I have very limited understanding of design and cannot explain my choices.
KO5: Textile Science	I can carry out textile-related investigations, sometimes using correct terminology to explain findings clearly and apply them in practice.	I can carry out basic textile investigations, presenting and explaining results simply with minimal evaluation.	I can carry out basic textile investigations with support and explain results in simple terms.	I can carry out very basic textile investigations with significant support, presenting results simply with no conclusions.	With complete support, I can carry out very basic textile investigations, presenting results in simple terms.
KO6: Theory and Communication	My overall knowledge and understanding of textiles are shown verbally and in written work, with mostly accurate spelling, punctuation, and grammar, using subject-specific vocabulary.	My knowledge is shown verbally and in written work, with some accurate spelling and limited use of textile-related terms.	My knowledge is shown in basic work, with limited accuracy and no use of subject-specific vocabulary.	My knowledge is shown at a basic level, with support. I use limited spelling, punctuation, and grammar.	My knowledge is very basic. I need significant support and use minimal subject vocabulary and grammar.

YEAR 8 TEXTILES

YEAR 8 TEXTILES	X	A	Y	C	D
KO1: Practical Skills	I can work independently to plan, design, and produce a range of textile items accurately, following patterns and time plans.	I can work with guidance to plan, design, and produce a range of textile items, following patterns and time plans.	I can work with guidance to produce a basic selection of textile products, following patterns and time plans with some support.	I can work with support to produce basic textile products, following patterns with support.	I can work with significant support to produce simple textile products. With considerable guidance, I can measure, cut, and use basic equipment and materials.
KO2: Health and Safety	I always work safely and hygienically in an organised, methodical manner; measuring and cutting accurately; efficiently using a range of textile tools and materials.	I can work safely and hygienically in an organised, methodical manner; measuring and cutting correctly, using a range of tools and materials.	I can often work safely and hygienically in an organised manner; measuring and using a variety of textile equipment and materials.	With guidance, I can work safely and hygienically, measuring and using basic equipment and materials.	With considerable guidance, I can follow a step-by-step textile project safely and hygienically.
KO3: Presentation and Finishing	I can present high-quality textile items with aesthetic value	I can present desirable textile items with some aesthetic value and care.	I can present textile items with some attention to	I can present textile items with some neatness	I can present basic textile items with some attention to presentation.

	and good finishing techniques.		detail and appearance.	and aesthetic consideration.	
KO4: Design and Choices	I can apply my understanding of materials, techniques, sustainability, consumer preferences, and function, and can give clear reasons for design choices.	I can reference my understanding of materials, techniques, sustainability, consumer preferences, and function, and give reasons for design choices.	I have some understanding of textile materials and design considerations, and can sometimes explain my choices.	I have limited understanding of textiles and rarely explain my design choices.	I have limited understanding of textiles and cannot explain my design choices.
KO5: Textile Science	I can carry out textile investigations using correct terminology to justify and explain results, clearly presented with evaluations and practical applications.	I can carry out textile investigations, sometimes using correct terminology to justify and explain results, clearly presented and applied practically.	I can carry out basic textile investigations, presenting and explaining results simply with minimal evaluation or conclusion.	I can carry out basic textile investigations with support, presenting and explaining results in simple terms.	I can carry out very basic textile investigations with significant support, presenting results simply with no evaluation or conclusion.

KO6: Theory and Communication	My overall knowledge and understanding are demonstrated verbally and in written work to a good standard, with accurate spelling, punctuation, grammar, and some use of subject-specific vocabulary.	My knowledge and understanding are demonstrated verbally and in written work to a satisfactory standard, using mainly accurate spelling, punctuation, and grammar with limited subject-specific vocabulary.	My knowledge and understanding are demonstrated verbally and in written work to a basic standard, using some accurate spelling, punctuation, and grammar, but limited subject-specific vocabulary.	My knowledge and understanding are demonstrated verbally and in written work to a basic standard, using limited spelling, punctuation, and grammar and no subject-specific vocabulary.	With significant support, My knowledge and understanding are demonstrated verbally and in written work to a basic standard, using limited spelling, punctuation, and grammar and no subject-specific vocabulary.

YEAR 9 TEXTILES

YEAR 9 TEXTILES	**X**	**A**	**B**	**C**	**D**
KO1: Practical Skills	I can work independently to design, plan, and produce a complex range of textile items with precision, following detailed	I can work independently to produce a range of textile items accurately, following patterns and time plans.	I can work with guidance to produce a range of textile items, following patterns and time plans.	I can work with guidance to produce a basic selection of textile items, following patterns and	I can work with support to produce basic textile items, following patterns with support.

	instructions and time plans.			time plans with some support.	
KO2: Health and Safety	I always work safely and hygienically in an organised, methodical manner; measuring and cutting accurately; efficiently using a range of textile tools and materials.	I can work safely and hygienically in an organised, methodical manner; measuring and cutting correctly, using a range of tools and materials.	I can often work safely and hygienically in an organised manner; measuring and using a variety of textile tools and materials.	I can usually work safely and hygienically; measuring and using basic tools and materials.	With guidance, I can work safely and hygienically; measuring and using basic textile equipment and materials.
KO3: Presentation and Finishing	I can present high-quality textile products with excellent aesthetic value and advanced finishing techniques.	I can present desirable textile items with clear aesthetic value and good finishing.	I can present desirable textile items with some aesthetic value and care.	I can present textile items with some attention to appearance and finishing.	I can present textile items with some basic finishing and limited presentation.

KO4: Design and Choices	I can apply my understanding of textile materials, techniques, sustainability, consumer preferences, production, and function, and give well-reasoned justifications for my design choices.	I can apply my understanding of textile materials, techniques, sustainability, consumer preferences, production, and function, and give reasons for my design choices.	I can reference my understanding of textiles and give reasons for my design choices.	I have some understanding of textiles and can sometimes explain my design decisions.	I have limited understanding of textiles and rarely give reasons for design decisions.
KO5: Textile Science	I can carry out textile investigations using accurate terminology to justify and explain results that are well presented, logical, and clearly communicated.	I can carry out textile investigations using accurate terminology to justify and explain results that are clearly presented, with evaluations and conclusions applied meaningfully.	I can carry out textile investigations, sometimes using appropriate terminology to explain results that are clearly presented and applied in practice.	I can carry out basic textile investigations, presenting and explaining results simply with minimal evaluation.	I can carry out basic textile investigations with support, explaining results in simple terms with minimal evaluation.

KO6: Theory and Communication	My overall depth of knowledge and understanding is shown verbally and in written work presented to a high standard, using excellent spelling, punctuation, grammar, and subject-specific terminology.	My knowledge and understanding are demonstrated verbally and in written work presented to a good standard, using accurate spelling, punctuation, grammar, and some textile vocabulary.	My knowledge and understanding are demonstrated to a satisfactory standard with mostly accurate spelling, punctuation, grammar, and limited subject-specific vocabulary.	My knowledge and understanding are shown to a basic standard, with some accuracy in spelling, punctuation, grammar, and limited use of textile-specific terms.	My knowledge and understanding are basic, shown with limited spelling, punctuation, grammar, and no subject-specific vocabulary.
