Sixth Form Bulletin 13/11/26

News:

There are plenty of opportunities, events and achievements to celebrate this week. A particular highlight was the Year 12 visit to the Apprenticeship and Careers Fair, where students had the chance to explore a wide range of future pathways, speak with employers and training providers, and gain valuable insight into the exciting opportunities available beyond school.

Key dates:

- 19/11/26 Sixth Form Open Evening
- 29th - 5th Year 13 MOCKS WEEK

Year 12 and Year 13

Our Sixth Form Model United Nations (MUN) Day was a valuable and engaging experience that gave students an insight into how global issues influence our everyday lives. Students arrived professionally dressed, represented their constituencies with maturity and commitment, and worked collaboratively to develop thoughtful responses to the issues under discussion. The debates, particularly those surrounding the impact of artificial intelligence, showcased a range of innovative ideas and well-reasoned arguments. The conference was a great success overall, helping participants to enhance their understanding of politics, international relations and the MUN process, while demonstrating how events across the world can influence our economy, political system and government decision-making. The day highlighted why Model United Nations remains a highly respected and popular element of the extra-curricular offer at universities around the world.
