## CHILD SEXUAL EXPLOITATION

### INFORMATION:

Child Sexual Exploitation (CSE) is a type of sexual abuse involving control of a child through force, threats or manipulation. It can happen to both boys and girls. Often, the first step is someone befriending a young person to gain their trust or have control over them.

This session will help you to understand what CSE is and how to 'spot the signs', sexting, internet safety, consent and services that can offer support.
